

## TEN QUESTION TO ASK YOUR PLASTIC SURGEON BEFORE BREAST AUGMENTATION SURGERY

---

1. What implants are available?
2. Which incision pattern is best for my body?
3. Does recovery time differ with different incision patterns?
4. Where will my implants be placed, above or below the muscle?
5. Will I be able to feel or see the implants after surgery?
6. How will implants affect my ability to nurse in the future?
7. Will I lose any of the feeling in my breasts or nipples?
8. Do implants affect my risk for breast cancer?
9. How long do implants last?
10. What is the recovery like?
